The Owasso Reporter received via email Wednesday morning, June 12, a leaked copy of a letter from Tulsa lawyer Christopher Camp to Owasso Mayor Doug Bonebrake and the city council on behalf of Councilor Patrick Ross.

The letter accuses City Attorney Julie Lombardi of conspiring with City Manager Rodney Ray "to publicly malign Mr. Ross and intentionally expose him to legal liability and financial ruin, all in the name of political revenge."

An interactive link to the letter was posted Tuesday, June 11, on the Facebook page of the Owasso Taxpayer Alliance, where the document was described as a "public letter."

The Owasso Reporter has initiated attempts to obtain comment from Lombardi, Bonebrake and others.
